College of Education  
Cedar Falls, Iowa 50614-0701

Dear College of Education Committee,

It's my pleasure to recommend Bri Carter for an out of state student teaching placement.

Bri has been a volunteer with the Culture and Intensive English Program for approximately two years. She has served as a conversation partner for multiple students studying English in our program. She has also served in a leadership capacity for the TESOL Club—a student organization for students in the major. When Bri began to work with TESOL club, the group of students began to plan and execute social and cultural activities for students in our program. Their interaction with international students has enhanced the CIEP student's experience.

During this time, I have found Bri to be one of the most reliable volunteers for our program. I could count on her to come on time, to engage our students in level-appropriate conversation, and to go the extra mile by extending a hand of friendship to them. Bri does a great job managing multiple responsibilities at a single time, and she does it with a great attitude.

If you have any questions about Bri, feel free to contact me personally.

Sincerely,

Sally Roos, M.A. TESOL
